

See there goes a white nigger!  
The best reasons we have heard given during this campaign, for leaving the "African democracy," and joining the Republican ranks, was in the words of our captives.

A tobaccoist, now doing business in this city, formerly was engaged in the same pursuit in Petersburg, Va. He had two apprentices, white boys, and when they left shop for meals or recreation, the boys in the streets cut out—  
"See there goes a white nigger! there goes a white nigger!" This tobaccoist, who is a very intelligent German, becoming satisfied that all men at the south who labor for a living are looked upon, even by the boys in the street, as niggers, which of course, there means degradation, left the polluted soil of slavery for a free Northern home, and has now also left the "woolly headed democracy," who would permit slavery to spread everywhere, and goes in, heart and hand, for John C. Fremont, the champion of Freedom, who will resist to death "the oppression of the class which by a monopoly of the soil and slave labor to till it, might reduce them, (free laborers) to the extremity of laboring upon the same terms with the slaves."  
Cleveland Herald.

A party of gentlemen were dining together at Washington, among whom were Mr. Clay and Mr. Buchanan. Mr. Buchanan had just been appointed Minister to Russia, and was making some inquiries of Mr. Clay about Court dress, its character, cost, &c. Mr. Clay told him that he had one, for which he had no use, and would give it to him. Mr. Buchanan thanked him, but said, as he had worn it, it must be torn. Mr. Clay replied in that manner which was peculiar to him. "Oh, but you can turn it, Buchanan." The discomfiture of Buchanan was complete, as the conversation took place just as Mr. B. turned his political coat in a most unbecoming manner.—Augusta Chronicle and Sentinel.

A Precious Youth—"Tommy my son, what are you going to do with that club?"

"Send it to the editor of course."

"But what are you going to send it to the Editor for?"

"Cause he says, if any body will send him a club, he will send them a copy of his paper."

The mother came pretty near fainting, but retained consciousness enough to ask:—  
"But, Tommy dear, what do you suppose he wants of a club?"

"Well, I don't know," replied the hopeful urchin, "unless it's to knock down subscribers as don't pay for the paper."

Prentice's Last.—Prentice, whom assuredly nobody will accuse of looking at the Brooks affair through "Black Republican" spectacles, left off this good one:

Mr. Burlingame, being challenged by Mr. Brooks, decided to fight in Canada with rifles. Mr. Brooks, confessed himself afraid to go to Canada, and therefore determined not to pursue either Mr. Burlingame or the quarrel. He announces, however, that he is willing to accept a challenge from Mr. Burlingame. Evidently he is for getting rid of the rifles. Rifles are bad things. They make ugly holes in folks. Their balls enter into a fellow screw fashion.

LIFE AND DEATH.

The Mysteries of disease laid open to the people.  
Health is the Principle of Life; Disease is the Principle of Death.

The R. R. R. Remedies possess the power to secure to the human system Health and long life, and to free the human family from pain, aches and all bodily infirmities.

The art of preserving health and the method of curing disease by the R. R. R. Remedies.

**Radway's Ready Relief**  
Is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., and quicker than Morphine, Chloroform, Veratrine or any other narcotic remedy that has ever been used by medical men.

It is safer than these dangerous remedies. The public will bear in mind that Chloroform, Morphine, Opium, &c., only stifle the pain by stupefying the senses, and the perspicacious faculties lose the power of feeling, and that after the influence of these narcotics has passed from the system, the pain again breaks out with a terrible pang, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces up the nerves, and establishes in the system a reaction of health and strength in place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is inflammation or congestion, it will instantly scatter the congested blood, relieve the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism in their most terrible forms, where an application of Radway's Ready Relief will restore the patient to ease and comfort.

Crippled with Rheumatism, and leg paralyzed—No hopes of recovery—timely use of R. R. R.—A wonderful cure.

LETTERS FROM PATIENTS.

Rapids Parish, La., June 10th, 1855.  
Messrs Radway & Co.—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hopes of his ever recovering. I heard of his situation, and sent him a box of your Ready Relief, which he used, and he is now well and working on his farm, and the whole cost of his cure for your medicine was five dollars.

**Radway's Regulators.**  
We direct the attention of the public to our new discovery, RADWAY'S REGULATORS; they possess the great curative properties of a purgative, cathartic, aperient, sudorific, anti-dyspeptic, corrector and Regulator of the system. They are in fact the only perfect purgative and cathartic ever discovered or given to the world.

Radway's Regulators will answer a better purpose than Calomel or Mercury, without enfeebling the system, the terrible injuries of these powerful drugs.

They are in the form of pills, elegantly coated with gum, perfectly tasteless, and can be taken without sickening or nauseating the patient. They are to be used in all cases where the system is out of order, or where the influence of disease, one or two doses of Radway's Regulators has frequently checked the progress of the most terrible diseases, and restored the system to health and vigor.

They establish new and approved principles in medicine, and secure the great and important power of regulating to a healthy, natural and harmonious action, each and every organ in the body.

This great controlling power has never before been in the hands of the people. The popular Cathartic, Vegetable or Indian Purgative Pills, that have ever been used, are not to be compared to the power of Radway's Regulators to restore the human body to health, on an entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pills.

One or two doses of Radway's Regulators will remove the cause that occasions pain or sickness, or an irregular or unnatural action or condition of the organs of the body, quicker, more effectual, and with less trouble to the patient than any other or tested cathartic or purgative pills. The moment Radway's Regulators are taken into the system afflicted with disease, their equalizing efficacy begins; they search out the elements of disease wherever it may be located, and they sweep it from the bowels, and restore the human body to health, on an entirely different principle to the weakening, sickening and griping method of the common cathartic and purgative pills.
